INDEX

	Pages		Pages
January	1-32	July	193-224
February	33-64	August	225-256
March	65-96	September	257-288
April	97-128	October	289-320
May	129-160	November	321-352
June	161-192	December	353-384

Accumulated temperature map of the London area; T. J. Chandler, 242

Accuracy of rain-gauges; E. R. C. Reynolds 65

Agronomic implications of advection; G. W. Hurst, 217, *photograph facing* 209

Alexander, L. L.; Tidal effects on the dissipation of haar, 379, *photograph facing* 368

Airflow around a Model of the Rock of Gibraltar; J. Briggs, *official publication*, 127

Aspects of the synoptic climatology of central south England; R. G. Barry, 300, (1963), *corrigendum*, 63

Automatic weather station at EMI Electronics' symposium and exhibition in London, 26-28 May 1964; *photograph between* 272, 273

Auxiliary reporting station and key climatological station of Ross-on-Wye; *photograph facing* 272

Bain, R., and Kelly, J.; *obituary*, 223

Barry, R. G.; Aspects of the synoptic climatology of central south England, 300 (1963), *corrigendum*, 63

Barthram, J. A.; A diagram to assess the time of fog clearance, 51

Barthram, J. A.; Method of forecasting a radiation night cooling curve, 246

Bate, P. M. and Stemmler, A.; Tornado at Labuan—25 July 1963; 119, *photographs between* 112, 113

Beadle, M. and Huxley, P. A.; Local climatic study in typical dissected topography in the southern region of Uganda, 321, *photograph facing* 336

Bell, J.; awarded M.B.E., 61

Blackwell, M. J.; awarded Polar Medal, 125

Bleasdale, A.; Boletín de estadística meteorológica e hidrológica Nos. 1 and 2 (Ministerio de Agricultura, Peru), *review*, 61

Boyden, C. J.; Comparison of snow predictors, 353

Boyden, C. J.; Subsidence in the middle and lower troposphere, Part I, 138; Part II, 180

Brazell, J. H.; Frequency of dense and thick fog in central London as compared with frequency in outer London, 129

Briggs, J.; Airflow around a Model of the Rock of Gibraltar, *official publication*, 127

Burns, F.; Relationship between point and areal rainfall in prolonged heavy rain, 308

Byrne, F. D.; Noctilucent cloud and aurora, 121

Caskey, J. E.; Markov chain model of cold spells at London, 136

Catchpole, A. J. W.; Relation between mean daily maximum temperature and mean daily sunshine duration: Variations according to time of year and wind direction, Durham Observatory, July 1937 to June 1962, 149

Chandler, T. J.; Accumulated temperature map of the London area, 242

Cloud detection with 8.6-millimetre wavelength radar; W. G. Harper, 337, *photographs between* 336, 337

Cloud forming over the coastline between Salalah and Cape Fartak on the south-east Arabian coast about 1600 local mean time on 23 September 1963; *photograph facing* 80

Comparison of snow predictors; C. J. Boyden, 353

Conference on atmospheric radiation, 1964, 62

Conference on radio meteorology, 1964, 63

Conference on satellite meteorology, London, 1964; T. H. Kirk, 380

Craddock, J. M.; A visit to the Extended Forecast Branch of the United States Weather Bureau, 33

Crossley, A. F., Hawson, C. L. and Harker, J. A.; Note on the probability distribution of wind direction with applications to errors of forecast winds, 38

Daking, C. W. G.; Sixteenth session of the Executive Committee of the World Meteorological Organization, 263

Delayed clearance of low cloud behind cold fronts at Manchester Airport; L. Dent, 202

Dent, L.; Delayed clearance of low cloud behind cold fronts at Manchester Airport, 202

Dew in rain-gauges; E. R. C. Reynolds, 213, *photograph between* 208, 209

Diagram to assess the time of fog clearance; J. A. Barthram, 51

Dods, L.; *retirement*, 286

Doperto, Dr. M.; *obituary*, 348

Dry spells of three days or more at London from November to April; C. A. S. Lowndes, 231

Dust whirls at Idris Airport on 31 May and 1 June 1964; J. B. McGinnigle, 313

Duijnen Montijn, J. A. Van; *obituary*, 384

Effect of smoke on recorded sunshine; J. E. B. Raybould, 91, *photograph facing* 81

Expansion of Meteorological Office research in dynamical climatology; R. C. Sutcliffe, 3

Falkner, M. F.; An occurrence of 'ball lightning', *letter*, 95

Fifth international symposium on condensation nuclei, J. B. Stewart, 57

Findlater, J.; The sea breeze and inland convection—an example of their interrelation, 82

Fluorescent particles and their use in studying air motion; N. Thompson, 193, *photograph facing* 208

Forecasting dry spells of three days or more in south-east England from November to April; C. A. S. Lowndes, 273

- Forecasting of high temperatures at Redcar; D. C. Henderson, 147
- Frequency of dense and thick fog in central London as compared with frequency in outer London; J. H. Brazell, 129
- Galloway, W. R.; Problem of the professional training of meteorological personnel of all grades in less-developed countries (J. Van Mieghem), *review*, 348
- Garriock, W. S.; Die Faxfibel (M. Rodewald), *review*, 158
- Garriock, W. S.; Physical geography of the sea and its meteorology (M. F. Maury), *review*, 123
- Gift from the Ghana Meteorological Services to the Meteorological Office; 126, *photograph facing* 113
- Gilchrist, A.; Wind-driven ocean circulation (edited by A. R. Robinson), *review*, 286
- Goldie, Archibald Hayman Robertson; *obituary*, 97
- Gordon, J. C. and Murray, R.; Notable case of dust in suspension over Cyprus, 106
- Grant, D. R.; The Hastings aircraft of the Meteorological Research Flight, 47, *photographs between* 48, 49
- Green, F. H. W., Watson, A. and Piccozi, N.; Very low humidity in the east of Scotland in December 1962, 225
- Grindley, J.; Einfluss der Karpaten auf die Witterungsverhältnisse (edited by J. Kakas), *review*, 316
- Groves (L. G.) Memorial Prizes and Awards 62, *photograph facing* 48
- Hailstones blocking a street in Burnley after the heavy storms in east Lancashire on 18 July 1964; *photograph between* 368, 369
- Hamilton, R. A.; International auroral atlas (International Union of Geodesy and Geophysics), *review*, 191
- Hamilton, R. A.; Observations of noctilucent cloud near midwinter, 201
- Hamilton, R. A.; Solar halo, *letter*, 350
- Harker, J. A., Crossley, A. F. and Hawson, C. L.; Note on the probability distribution of wind direction with applications to errors of forecast winds, 38
- Harper, W. G.; Cloud detection with 8.6-millimetre wavelength radar, 337, *photographs between* 336, 337
- Hastings aircraft of the Meteorological Research Flight; D. R. Grant, 47, *photographs between* 48, 49
- Havens, J. M.; Weather note: a November rain on the Greenland inland ice, 228
- Hawson C. L., Crossley, A. F. and Harker, J. A.; Note on the probability distribution of wind direction with applications to errors of forecast winds, 38
- Hay, R. F. M.; 202 Meteorological Reconnaissance Squadron, 333, *photograph facing* 337
- Henderson, D. C.; The forecasting of high temperatures at Redcar, 147
- Hogg, W. H.; Experimentelle Untersuchungen mit Hilfe von ionisierenden Strahlen und Neutronen zur Bestimmung der witterungsbedingten Wachstumsintensität von Kulturpflanzen am natürlichen Standort, (K. Unger), *review*, 122
- Hunt Trophy, 254, *photograph facing* 241
- Hurst, G. W.; Agronomic implications of advection, 217, *photograph facing* 209
- Huxley, P. A. and Beadle, M.; A local climatic study in typical dissected topography in the southern region of Uganda, 321, *photograph facing* 336
- Index of comfort for Singapore; P. M. Stephenson, 338 (1963), *corrigendum*, 63
- International Union of Geodesy and Geophysics Thirteenth General Assembly, Berkeley, California, 1963; E. Knighting, 115
- Jacobs, L.; Seismology at Eskdalemuir Observatory, 289, *photographs between* 304, 305
- Jefferson, G. J.; Photographs of jet-stream clouds, 91, *photographs between* 80, 81
- Joint meeting of the World Meteorological Organization Commission for Aeronautical Meteorology and the International Civil Aviation Organization Meteorology and Operations Divisions, Paris 1964; A. A. Worthington, 189
- Jones, R. F.; Cloud physics (edited by A. Kh. Khrgian), *review*, 347
- Kelly, J. and Bain, R.; *obituary*, 223
- Kirk, T. H.; Conference on satellite meteorology, London, 1964, 380
- Knighting, E.; International Union of Geodesy and Geophysics Thirteenth General Assembly, Berkeley, California, 1963, 115
- Knighting, E.; An introduction to the hydrodynamical methods of short period weather forecasting (I. A. Kibel'), *review*, 156
- Lamb, H. H.; Mean monthly temperature and salinity of the surface layer of the North Sea and adjacent waters from 1905 to 1954 (Conseil Permanent International pour l'Exploration de la Mer), *review*, 59
- Lawrence, E. N.; Soil temperatures during the frost of early 1963 in south-east England—Part I, 4; Part II, 43, *corrigenda*, 127
- Lenticular lee-wave cloud at Signy Island; P. A. Richards, 117, *photograph facing* 112
- Lightning strike 23 April 1964; *letter* from G. T. Vidler, 254
- Local climatic study in typical dissected topography in the southern region of Uganda; P. A. Huxley and M. Beadle, 321, *photograph facing* 336
- Long-range forecasts by the Meteorological Office; O. G. Sutton, 1
- Lowndes, C. A. S.; Dry spells of three days or more at London from November to April, 231
- Lowndes, C. A. S.; Forecasting dry spells of three days or more in south-east England from November to April, 273
- Maidens, A. L.; Physics of lightning (D. J. Malan), *review*, 318

- Markov chain model of cold spells at London; J. E. Caskey, 136
- Marshall, N. B.; Weather and man (World Meteorological Organization), *review*, 221
- McGinnigle, J. B.; Dust whirls at Idris Airport on 31 May and 1 June 1964, 313
- McIntosh, D. H.; Grosswetterkunde und langfristige Witterungsvorhersage (F. Baur), *review*, 222
- McKay, W.; awarded M.B.E., 223
- Mean winter temperature in Edinburgh 1764/65-1962/63; A. B. Thomson, 152
- Meteorological Glossary; *official publication*, 158
- Meteorological Office awards to captains and navigators of civil aircraft, 285, *photograph facing* 273
- Meteorological Office cloud picture receiving aerial at Bracknell; *photograph facing* 369
- METEOROLOGICAL OFFICE DISCUSSIONS**
- Developments in meteorological instrumentation; 154, *photographs between* 144, 145
- Investigation of frontal rain by aircraft; 93
- Long-range weather forecasting in Great Britain; 98
- Problems of rainfall forecasting, 179
- Meteorological Office equipment for receiving automatic cloud picture transmissions from NIMBUS A; *photograph between* 368, 369
- Method of forecasting a radiation night cooling curve; J. A. Barthram, 246
- Miles, M. K.; Stratospheric changes over the British Isles during anticyclogenesis, 365
- Morley, Michael M.; *retirement*, 351
- Murray, R.; Tropical meteorology in Africa (ed. by D. J. Bargman), *review*, 94
- Murray, R. and Gordon, J. C.; A notable case of dust in suspension over Cyprus, 106
- Nature of the earth's outer atmosphere (the magnetosphere) and its possible influences on meteorology; F. D. Stacey, 25
- New Chief of the United States Weather Bureau, 221
- New computer system for the Meteorological Office; E. J. Sumner, 18, *photographs between* 16, 17
- New cover design for the magazine, 31
- Noctilucent cloud and aurora; F. D. Byrne, 121
- Noctilucent clouds; J. Paton, 161, *photographs between* 176, 177
- Notable case of dust in suspension over Cyprus; J. C. Gordon and R. Murray, 106
- Note on the probability distribution of wind direction with applications to errors of forecast winds; A. F. Crossley, C. L. Hawson and J. A. Harker, 38
- Note on weather observations at Efford, Lymington, Hampshire; O. S. Welford, 269
- Observations of noctilucent cloud near mid-winter; R. A. Hamilton, 201
- Occurrence of 'ball lightning'; *letter from* M. F. Falkner, 95
- Ogden, R. J.; Behind the scenes at London Airport (N. Wymer), *review*, 252
- Paton, J.; Noctilucent clouds, 161, *photographs between* 176, 177
- Periodic and random fluctuations of the wind at Aden; G. A. Tunnell, 70, *corrigenda*, 127, 159
- Photographs of jet-stream clouds; G. J. Jefferson, 91, *photographs between* 80, 81
- Picozzi, N., Green, F. H. W. and Watson, A.; Very low humidity in the east of Scotland in December 1962, 225
- Radar photograph of a deep depression, 90, *photograph facing* 80
- Raybould, J. E. B.; Effect of smoke on recorded sunshine, 91, *photograph facing* 81
- Relation between mean daily maximum temperature and mean daily sunshine duration: variations according to time of year and wind direction, Durham Observatory, July 1937 to June 1962; A. J. W. Catchpole, 149
- Relationship between point and areal rainfall in prolonged heavy rain; F. Burns, 308
- Research in aircraft: twenty-one years of the Meteorological Research Flight; R. F. Zobel, 237, *photographs between* 240, 241
- Resignation of Dr. P. D. McTaggart-Cowan; O. G. Sutton, 220
- Retirement of Dr. F. W. Reichelderfer, United States Weather Bureau; O. G. Sutton, 220
- REVIEWS**
- Behind the scenes at London Airport (N. Wymer); *review by* R. J. Ogden, 252
- Boletín de estadística meteorológica e hidrológica, Nos. 1 and 2 (Ministerio de Agricultura, Peru); *review by* A. Bleasdale, 61
- Cloud physics (ed. by A. Kh. Khrgian); *review by* R. F. Jones, 347
- Die Faxibel (M. Rodewald); *review by* W. S. Garriock, 158
- Einfluss der Karpaten auf die Witterungserscheinungen (ed. by J. Kakas) *review by* J. Grindley, 316
- Experimentelle Untersuchungen mit Hilfe von ionisierenden Strahlen und Neutronen zur Bestimmung der witterungsbedingten Wachstumsintensität von Kulturpflanzen am natürlichen Standort, (K. Unger); *review by* W. H. Hogg, 122
- Grosswetterkunde und langfristige Witterungsvorhersage (F. Baur), *review by* D. H. McIntosh, 222
- International auroral atlas (International Union of Geodesy and Geophysics), *review by* R. A. Hamilton, 191
- Introduction to the hydrodynamical methods of short period weather forecasting (I. A. Kibel'); *review by* E. Knighting, 156
- Keoeit—the story of the aurora borealis (W. Petrie); *review by* G. M. Thomas, 251
- Mean monthly temperature and salinity of the surface layer of the North Sea and adjacent waters from 1905 to

- 1954 (Conseil Permanent International pour l'Exploration de la mer); *review* by H. H. Lamb, 59
- Physical geography of the sea and its meteorology (M. F. Maury); *review* by W. S. Garriock, 123
- Physics of lightning (D. J. Malan); *review* by A. L. Maidens, 318
- Problem of the professional training of meteorological personnel of all grades in less-developed countries (J. Van Mieghem); *review* by W. R. Galloway, 348
- Tropical meteorology in Africa, (ed. by D. J. Bargman); *review* by R. Murray, 94
- Weather and man (World Meteorological Organization); *review* by N. B. Marshall, 221
- Wind-driven ocean circulation (ed. by A. R. Robinson); *review* by A. Gilchrist, 286
- Reynolds, E. R. C.; The accuracy of rain-gauges, 65
- Reynolds, E. R. C.; Dew in rain-gauges, 213, *photographs between* 208, 209
- Richards, P. A.; Lenticular lee-wave cloud at Signy Island, 117 *photograph facing* 112
- Sawyer, J. S.; Symposium on the research and development aspects of long-range weather forecasting, 346
- Scotney, H. A.; *obituary*, 319
- Sea breeze and inland convection—an example of their interrelation; J. Findlater, 82
- Seismology at Eskdalemuir Observatory; L. Jacobs, 289, *photographs between* 304, 305
- Sheppard, P. A.; awarded C.B.E., 158
- Sixteenth session of the Executive Committee of the World Meteorological Organization; C. W. G. Daking, 263
- Smith, C. V.; Some evidence for the windborne spread of fowl pest, 257
- Soil temperatures during the frost of early 1963 in south-east England; E. N. Lawrence, Part I, 4; Part II, 43, *corrigendum*, 127
- Solar halo; *letter* from R. A. Hamilton, 350
- Some evidence for the windborne spread of fowl pest; C. V. Smith, 257
- Stacey, F. D.; The nature of the earth's outer atmosphere (the magnetosphere) and its possible influences on meteorology, 25
- Stapley, C. J.; The superstandard propagation of radar waves at Gibraltar, 294
- Stemmler, A. and Bate, P. M.; Tornado at Labuan—25 July 1963, 119, *photographs between* 112, 113
- Stephenson, P. M.; Index of comfort for Singapore, 338, (1963), *corrigendum*, 63
- Stewart, J. B.; The fifth international symposium on condensation nuclei, 57
- Stratospheric changes over the British Isles during anticyclogenesis; M. K. Miles, 365
- Subsidence in the middle and lower troposphere; C. J. Boyden, Part I; 138; Part II; 180
- Sumner, E. J.; A new computer system for the Meteorological Office, 18, *photographs between* 16, 17
- Sunshine recorder at the top station of the Cairngorm chairlift in Coire Cas, *photograph between* 208, 209
- Superstandard propagation of radar waves at Gibraltar; C. J. Stapley, 294
- Sutcliffe, R. C.; awarded Silver Medal by the Council of the Royal Society of Arts, 254
- Sutcliffe, R. C.; Expansion of Meteorological Office research in dynamical climatology, 3
